

Machine Reference nr. : U24210

SHOT BLASTING MACHINE CARLO BANFI S.p.A TRAFIL 300

Manufacturer	CARLO BANFI S.p.A. – ITALY
Year of manufacture	2009
Model	TRAFIL 300
Number of throwing wheel	6
Model of throwing wheel	CBD-4
Throwing wheel power	37 kW each.
Range	Up to Ø 80 mm. with existing guiding funnels
Speed	108 mt./min. with Ø 30 mm. 60 mt/min. with Ø 80 mm.
Abrasive through output	500 Kg./min. each throwing wheel
Total power installed	240 kW
Tension	380 V. - 50 Hz.

COMPOSITION OF THE LINE
Blasting tunnel with adjustable protection plates
Throwing wheels (6)
Bucket elevator
Abrasive selector
Filter with auto extinguish system
Electric motors of the inside roller conveyor controlled by Inverter SIEMENS Micromaster 440
Electric cabinet with PLC SIEMENS S-7 series 300
Main connecting cables up-to 10 mts. Length.
Documentation available
Lot of brand new spare parts
Soundproof cabins
